ORDER

AND NOW, this 1st day of August 2012, upon receipt of Plaintiff’s Motion for Relief from Judgment or Order Under the Twenty-Fourth Amendment [Doc. No. 11], and upon review of the Docket in this case, the Court finds it is without jurisdiction to rule on Plaintiff’s Motion as Plaintiff has not filed a Complaint,¹ and thus has not properly raised a case and controversy upon which the Court can grant relief. Accordingly, Plaintiff’s Motion is **DENIED**.

This case shall remain **CLOSED**.

IT IS SO ORDERED.

BY THE COURT:

/s/ Cynthia M. Rufe

CYNTHIA M. RUFÉ, J.

¹ The case was closed on June 21, 2011, as Plaintiff had failed to pay the filing fee or properly request *in forma pauperis* status. On November 17, 2011, Plaintiff’s Motion to Reopen and Stay proceedings was also denied for failure to pay the filing fee or properly request *in forma pauperis* status. This deficiency was never corrected, and no complaint has ever been filed.
